Professional Positions

Institut Mines Télécom — Evry, France
PhD Candidate - Economics, Marketing — 09/2025- present

Institut Mines Télécom — Paris, France
Assistant Researcher in Economics — 03/2025 - 08/2025

- Associated to Grazia Cecere
- Econometrics, empirical studies and data analysis
- Digital Economics
- I'm working on a PhD project focused on new technologies and their implications for economics and society. Specifically, I assess the effects of AI on economic and social phenomena, such as misinformation, the diffusion of illicit content on platforms, or racist bias in generative AI, while paying attention to public policy implications.
